*The Diary of a Young Girl* Anne Frank 2010-09-15 THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary's first publication with a new

introduction by Nobel Prize-winner Nadia Murad “The single most compelling personal account of the Holocaust ... remains astonishing and excruciating.”—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were

betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

*Progress in Tourism Marketing*

Metin Kozak 2007-06-07 The aim of this book are two-fold: (1) to evaluate the current progress of theoretical approaches to tourism marketing and (2) to show the ways to further develop the concept of tourism marketing for application within tourist destinations and individual businesses and evaluate its potential impact on

performance improvement. The structure is based upon the inclusion of an introduction and four main parts, namely IT marketing, destination competitiveness, image measurement, and consumer behaviour. There is a brief introduction for each part prior to the discussion of specific chapters just to make the readers familiar with their content. The editors believe that there is a need for information on how to better apply both traditional and contemporary marketing tools in order to be more competitive within the international arena. Metin Kozak serves as an Associate Professor of Marketing in the School of Tourism and Hotel Management, Mugla University, Turkey. Also, he is a visiting fellow in the Department of Marketing, University of Namur, Belgium. Following a successful career within the last five years (since the approval of PhD degree in 2000), Metin has received two awards to mark his achievements. In 2001, his PhD dissertation on

benchmarking was nominated, by the EFQM- EU, among the best three PhD studies on TQM. In 2004, by a committee of the Turkish Tourism Investors' Association, he was awarded the grand prize of the tourism researcher of the year 2003 in Turkey. He has published mainly in tourism journals and authored a book on Destination Benchmarking. His main research interests focus on consumer behavior, benchmarking, competitiveness, cross-cultural research, destination management and marketing, and European tourist markets. Luisa Andreu is Assistant Professor of Marketing in the Department of Marketing, University of Valencia, Spain. She obtained her Master's degree in Tourism from the International Centre for Tourism, Bournemouth University, UK, and a Ph.D. in Business Administration from the University of Valencia, Spain. She is a member of the Spanish Association of Scientifics in Tourism. She has published various articles in

Annals of Tourism Research, Tourism Management, European Journal of Marketing, Journal of Travel and Tourism Marketing, among others. She has presented papers at several conferences organized by the European Marketing Academy, Academy of Marketing Science, CPTHL, and State of the Art: Tourism. She has also involved in numerous academic and industrial projects. Her research interests include consumer behavior and cross-cultural issues in service marketing.

#### *Can Ethics Provide Answers?*

James Rachels 1997 Esteemed moral philosopher James Rachels here collects fifteen essays, some classic and others extensively revised, on the nature and limits of moral reasoning. Rachels argues that, rather than simply expressing societal conventions, moral philosophy can subvert received opinion and replace it with something better. Combining a concern for ethical theory with a discussion of practical moral issues such as euthanasia, the rights of

animals, privacy, and affirmative action. Can Ethics Provide Answers is an excellent collection for students, scholars, and anyone concerned with the degree to which our principles can guide our policies.

Teaching Tough Topics Larry Swartz 2020-01-15 Teaching Tough Topics shows teachers how to lead students to become caring citizens as they read and respond to quality children's literature. It focuses on topics that can be challenging or sensitive, yet are significant in order to build understanding of social justice, diversity, and equity. Racism, Homophobia, Bullying, Religious Intolerance, Poverty, and Physical and Mental Challenges are just some of the themes explored. The book is rooted in the belief that by using picture books, novels, poetry, and nonfiction, teachers can enrich learning with compassion and empathy as students make connections to texts, to others, and to the world.

a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. *King Lear* William Shakespeare  
2020-11-09 *King Lear* is a tragedy by Shakespeare, written about 1605 or 1606. Shakespeare based it on the legendary King Leir of the Britons, whose story is outlined in Geoffrey of Monmouth's pseudohistorical *History of the Kings of Britain* (written in about 1136). The play tells the tale of the aged King Lear who is passing on the control of his kingdom to his three daughters. He asks each of them to express their love for him, and the first two, Goneril and Regan do so effusively, saying they love him above all things. But his youngest daughter, Cordelia, is compelled to be

truthful and says that she must reserve some love for her future husband. Lear, enraged, cuts her off without any inheritance. The secondary plot deals with the machinations of Edmund, the bastard son of the Earl of Gloucester, who manages to convince his father that his legitimate son Edgar is plotting against him. After Lear steps down from power, he finds that his elder daughters have no real respect or love for him, and treat him and his followers as a nuisance. They allow the raging Lear to wander out into a storm, hoping to be rid of him, and conspire with Edmund to overthrow the Earl of Gloucester. The play is a moving study of the perils of old age and the true meaning of filial love. It ends tragically with the deaths of both Cordelia and Lear—so tragically, in fact, that performances during the Restoration period sometimes substituted a happy ending. In modern times, though, *King Lear* is performed as written and generally regarded as one of Shakespeare's best plays.

### **An Obsession with Anne**

**Frank** Lawrence Graver  
2022-05-13 Anne Frank's Diary has been acclaimed throughout the world as an indelible portrait of a gifted girl and as a

remarkable document of the Holocaust. For Meyer Levin, the respected writer who helped bring the Diary to an American audience, the Jewish girl's moving story became a thirty-year obsession that altered his life and brought him heartbreaking sorrow.

Lawrence Graver's fascinating account of Meyer Levin's ordeal is a story within a story. What began as a warm collaboration between Levin and Anne's father, Otto Frank, turned into a notorious dispute that lasted several decades and included litigation and public scandal. Behind this story is another: one man's struggle with himself—as a Jew and as a writer—in postwar America.

Looming over both stories is the shadow of the Holocaust and its persistent, complex presence in our lives. Graver's book is based on hundreds of unpublished documents and on interviews with some of the Levin-Frank controversy's major participants. It illuminates important areas of American culture: publishing, law, religion, politics, and the

popular media. The "Red Scare," anti-McCarthyism, and the commercial imperatives of Broadway are all players in this book, along with the assimilationist mood among many Jews and the simplistic pieties of American society in the 1950s. Graver also examines the different and often conflicting ways that people the world over, Jewish and Gentile, wanted Anne Frank and her much-loved book to be represented. That her afterlife has in extraordinary ways taken on the shape and implications of myth makes Graver's story—and Meyer Levin's—even more compelling. **Mots de L'histoire** Jacques Rancière 1994 History in our day is still a story, and yet one from which we expect to tell the truth - not just the facts, the names and events of the past, but the invisible order and forces behind them. How can the language of history balance these seemingly contrary tasks - the narrative, the scientific, and the political? This is the question Jacques Ranciere explores in "The names of history", a meditation on the poetics of historical knowledge. In the works of writers from Jules Michelet to Fernand Braudel, Ranciere traces an ongoing revolution in historical study, a movement that challenged, in the practice of language, the opposition of

science and literature. By way of a commentary on Erich Auerbach, he shows how fictional narrative intertwines with historical narrative to produce a "truth" that retains mythical elements. The poetics of knowledge Ranciere develops here is an attempt to identify the literary procedures by which historical discourse escapes literature and gives itself the status of a science. His book is also an appreciation

of Braudel, whose work in the Annales school greatly advanced this project. Ranciere follows and extends Braudel's discursive production of new agencies of history, which accounts for both the material conditions in which history takes place and the language in which it is written.
