Book-keeping and Accounts Frank Wood 2018-01-01 Now going into its 9th edition, the successful textbook Book-keeping and Accounts is a vital guide for students undertaking studies of book-keeping and accounting for the first time. Through its gradual introduction of topics, explanation of technical terminology in a clear, easy to understand way, this text provides an accessible and reliable guide for any student in their undergraduate career. New to this edition: · Fully compliant with International Financial Reporting Standards (IFRS), with current IFRS terminology. · Questions and exercises to test your understanding and help with revision. · Selected chapters amended and re-structured. · Full explanation of HMRC changes in VAT relating to cash discounts. · Illustrations and diagrams to help explain key concepts. · Updated 'learning objectives' and 'chapter summaries', to reflect developments in the financial environment. · Easy to understand to double entry book-keeping using the 'IN' and 'OUT' approach. With its highly regarded authorship this text is used by lecturers for teaching students undertaking the following qualifications and examinations; Association of Accounting Technicians (AAT), International Association of Book-keepers (IAB), A Level Accounting, Oxford Cambridge and Royal Society of Arts (OCR), and as a general foundation text for personnel employed in the accountancy profession. Accompanying the text is a collection of resources to support both lecturers and students which can be found at www.pearsoned.co.uk/wood - For instructors : Solution's manual, and Powerpoint slides - For students : Opportunities to practise and additional support with our companion website

Ebook: Auditing & Assurance Services Timothy Louwers 2014-10-16 Auditors are trained to investigate beyond appearances to determine the underlying facts—in other words, to look beneath the surface. The recent financial crisis has made this skill even more crucial to the business community. As a result of this recent crisis and of the financial statement accounting scandals that occurred at the turn of the century, understanding the auditor's responsibility related to fraud, maintaining a clear perspective, probing for details, and understanding the big picture are indispensable to effective auditing. The author team of Louwers, Ramsay, Sinason, Strawser, and Thibodeau has dedicated years of experience in the auditing field to this new edition of Auditing & Assurance Services, supplying the necessary investigative tools for future auditors.

Financial Accounting For Dummies Maire Loughran 2011-04-12 Your plain-English guide to navigating a financial accounting course Despite the economic landscape and job market, demand for accountants remains strong, and accountants will continue to see high demand for their services as the economy rebounds and businesses grow. Additionally, one of the effects of the economic downturn is a greater emphasis on accountability, transparency, and controls in financial reporting. With easy-to-understand explanations and real-life examples, Financial Accounting For Dummies provides students who are studying business, finance, and accounting with the basic concepts, terminology, and methods to interpret, analyze, and evaluate actual corporate financial statements. Covers traditional introductory financial accounting course material Explores concepts accountants and other business professionals use to prepare reports Details mergers and acquisitions purchase and pooling, free cash flow, and financial statement analysis Whether you're a student on your way to earning a bachelor's degree, MBA, or MAcc, Financial Accounting For Dummies gives you a wealth of information to grasp the subject and ace the course.

Multinational Finance Kirt C. Butler 2012-08-28 An in-depth treatment of the international financial arena Multinational Finance, Fifth Edition assumes the viewpoint of the financial manager of a multinational corporation with investment or financial operations in more than one country. This book provides a framework for evaluating the many opportunities, costs, and risks of multinational operations in a manner that allows readers to see beyond the math and terminology surrounding this field to realize the general principles of multinational financial management. Logically organized and written in a clear, non-technical style, this book includes information on international finance topics such as foreign exchange, currency and derivatives markets, currency risk (transaction, operating, and translation) management, country risk, international taxation, capital structure, cost of capital, and international portfolio diversification. It also offers unique chapters on multinational treasury management, the rationale for hedging currency risks, options on real assets, international corporate governance, asset pricing, and portfolio management. Emphasizes the managerial aspects of multinational finance with graphs, figures, and the use of numerous real-world examples Expands on the treatment of parity disequilibria to include exchange rate expectations that differ from parity and a project's operating exposure to currency risk Provides an overview and comparison of the various derivative instruments and their use in risk hedging Contains valuable insights on valuation and management of a multinational corporation's investments If you're looking for the best way to gain a firm understanding of multinational finance, look no further than the fifth edition of this classic text.

Tourism and Hospitality Studies Irfan Yazicioglu 2020-12-16 This book discusses "tourism and hospitality" from different perspectives and disciplines. In addition, this book, considering the tourism and hotel management terminology, is expected to be a source book for the theoretical and practical scientific studies in the fields which is in close relationship such as gastronomy, recreation and marketing.
