Introduction to Managerial Accounting Jeannie Folk 2001-08-01

Introduction to Managerial Accounting by Folk/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison and Noreen. However, this is not simply a briefer book with chapters removed; it has been rethought and retooled to meet the needs demanded by the market: a more accessible, yet thorough student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course, cost accounting/cost management. Faculty and students alike will find this new text has retained the hallmark features of the Garrison/Noreen text: author-written supplements; excellent readability; terrific examples; thorough, relevant, and balanced end of chapter material. In sum, this is a book instructors can count on!

Advanced Management Accounting Tom Groot 2013 This innovative new textbook firmly roots management accounting in management, placing the emphasis on the management accountant as a key member of the management team and the strategic business decision making process. Unique case studies and examples of worldwide practices illustrate how concepts and techniques are applied in real-world business situations. It explores how management accounting techniques are adapted and modified to support specific industries from energy to media sectors and covers topical issues such as: Environmental accounting Environmental auditing and ISO14001/EMAS The balanced scorecard Kaizen costing Target costing Social responsibility Features Integrates the most up-to-date and relevant research with a broad approach to management accounting. Presents compelling examples of 'real' organisations, exploring the interactions of management accounting in practice. Extends knowledge of management accounting concepts and techniques to how they can be used for strategic decision making and management control. Uses Excel to develop and apply solutions methods. Examines how management accounting techniques are adapted and modified to support specific industries from energy to media sectors. Covers topical issues such as activity-based budgeting, the balanced scorecard, target costing, capacity planning, quality management, Six Sigma and performance measurement. Fully compliant with developments within the professional bodies such as CIMA and ACCA. Offers end-of chapter exercises to extend your critical thinking and applications of key concepts. Provides short case studies, so you can practise manipulating and analysing data. This is the ideal textbook for students studying management accounting at advanced undergraduate and postgraduate level.

Accounting : the Basis for Business Decisions Robert F. Meigs 1995

Accounting Robert Newton Anthony 2010 *Accounting: Text & Cases*, by Anthony, Hawkins, and Merchant covers both financial and managerial accounting as well as broader managerial issues. Chapters 1 -14 cover financial accounting, while Chapters 15-21 cover management accounting, and Chapters 22-28 focus on broader issues of control and corporate strategy. The approximately 120 cases that make up most of the end of chapter material are a combination of classic Harvard style cases and extended problems, with 10 completely new cases added to the 13th edition. *Accounting: Text and Cases* is a product of lifelong dedication to the discipline of accounting, and users of the book benefit from a breadth of experience that is sure to enrich your course and your students.

Ebook: Managerial Accounting - Global Edition Ronald Hilton 2014-09-16 We are pleased to present this Global Edition, which has been developed specifically to acquaint students of business with the fundamental tools of managerial accounting and to promote their understanding of the dramatic ways in which business is changing. The emphasis is on teaching students to use accounting information to best manage an organization. Each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter. There is significant coverage of contemporary topics such as activity-based costing, target

costing, the value chain, customer profitability analysis, and throughput costing while also including traditional topics such as job-order costing, budgeting, and performance evaluation. Many of the real-world examples in the Management Accounting Practice boxes have been revised and updated to make them more current and several new examples have been added. This Global Edition has been adapted to meet the needs of courses outside the United States and does not align with the instructor and student resources available with the U.S. edition.

McGraw-Hill's Taxation of Business Entities 2021 Edition Benjamin C.

Ayers 2020-04-29 FULLY UPDATED FOR 2019 TAX LAW The bold and innovative McGraw-Hill Taxation series is now the most widely adopted code-based Tax title across the country instructors. It's apparent why the clear, organized, and engaging delivery of content, paired with the most current and robust tax code updates, is used by more than 600 schools. The breadth of the topical coverage, the story line approach to presenting the material, the emphasis on the tax and non-tax consequences of multiple parties involved in transactions, and the integration of financial and tax accounting topics make this book ideal for the modern tax curriculum. Story line Approach: Each chapter begins with a story line that introduces a set of characters or a business entity facing specific tax-related situations. Examples related to the story line allow students to learn the code in context. Integrated Examples: In addition to providing examples in-context, we provide "What if" scenarios within many examples to illustrate how variations in the facts might or might not change the answers. More than 100 Videos: Guided Example hint videos provide students with on-demand walk-throughs of key Tax topics, offering narrated, animated, step-by-step solutions to algorithmic variants for select exercises similar to those assigned. Conversational Writing Style, Superior Organization, and Real-World Focus

Managerial Accounting Garrison 2008-10-15 Garrison - Your guide through the challenging waters of managerial accounting. For centuries, the lighthouse has stood as a beacon of guidance for mariners at sea. More than an aid to navigation, the lighthouse symbolizes safety, permanence, reliability, and the comforts of the familiar. For this reason, we have chosen to illustrate the Canadian eighth edition of Managerial Accounting by Garrison, Chesley, Carroll and Webb with an image that encapsulates the greatest strengths of this market leading text. Garrison is your guide through the challenging waters of managerial accounting. It identifies the three functions managers must perform within their organizations—plan operations, control activities, and make decisions—and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it. Managerial Accounting 8e focuses, now as in the past, on three qualities: Relevance, Balance and Clarity. The authors' steady focus on these core elements has led to tremendous results! As seafarers look to the lighthouse for direction along unfamiliar shore, so too can Garrison act as a compass for students seeking to master this course.
